North Dakota Soybean Council
Our World Is Growing.

To relentlessly pursue opportunities to invest North Dakota soybean checkoff resources to become the leading soybean supplier in the world for the benefit of producers and consumers.

1985

The ND Soybean Council is created by farmers and put into statute.

Checkoff Funded

Each farmer contributes 1/2 of 1% of the price of each bushel at the point of sale toward the soy checkoff.

Every North Dakota soybean farmer invests in the soybean checkoff which funds research, market development, promotion, and education administered by the North Dakota Soybean Council.

Main Focus

Market development, research, promotion, and education to enhance the value of soybeans.

www.ndsoybean.org

North Dakota Soybean Growers Association

Creating partnerships to proactively improve the profitability and representation of all North Dakota soybean growers and to develop quality community leaders.

1983

The ND Soybean Growers Association was founded.

Member Supported

Supported through dues paid by its membership.

Joining the ND Soybean Growers Association is a choice you can make to support the industry that the soybean checkoff cannot. The association advocates for growers in Bismark ND and Washington D.C.

Main Focus

Farm policy, regulatory issues, leadership development, and grower education.
